Re: Voluntary Pledge for 1985

"The harvest is plentiful but the laborers are few..."

Now is the T.I.M.E. To Increase Ministry Effectiveness by reviewing stewardship and as a part of that review to make your voluntary pledge in support of the work of the Church as a Diocese.

It is my understanding that the voluntary pledge approach has worked well in past years therefore I have no plans to change this approach. We approved a budget at Diocesan Convention. It is now time to enable that budgetary support for ministry by reviewing and making your voluntary pledge. I ask you to do this prayerfully and thoughtfully.

In Christ,

The Right Reverend Craig B. Anderson
Bishop of South Dakota
