Dear South Dakota Clergy,

One of my last duties, as Co-Chair of Commission on Youth, is to see that things are in order for the new Director of South Dakota Youth when that person comes on board in 1992. In order to do this, I need to ask something of you, and hope you are willing to help me out.

Last year I asked for the names and addresses of all persons in your congregations who is either a youth, a youth worker, or in any way interested in what the youth are doing. It was my hope that this list would be a basis for mailings to the all persons interested in youth work or program. I was very encouraged at the response I received from this request and currently have over 300 persons on the list. However, I forgot one very important aspect in my request -- I forgot to request that you include grade in school for each youth. If we had this we could just eliminate each year the seniors and ask that you add the younger youth and any other who have come into your program in the youth grades. For those of you who did send me names, I am including what I do have from your congregations. But I do remind you that I do need the grades of each young person.

Please correct the list (if one is enclosed) or send me a list of your youth, advisors, and any others who would like to receive youth mailings. Please send the list back to me before the end of November. We will correct our computer lists from what you send. Since the youth who were on the list last year received a convention registration mailed directly to them, it is very important to include all youth. The new Director of Youth, approved at this year's Diocesan Convention, will need these lists to keep all youth up-to-date on youth programs.

Thank you very much for your assistance in this matter. I am looking forward to hearing from you.

In faith,

Mary Olson, Co-chair - Commission on Youth
