Carolyn Bowers reported a Sunday School enrollment of 34 and average attendance of 26. The library of S.S. materials is now somewhat complete, so less will be spent each year now for this. The offering is being used for the S.S. projects. The teachers were thanked.

Merrill Hunter suggested that the Bishop's Committee might discuss having a refreshment booth at Prairie Village next summer.

Senior Warden Bill Newcomb asked that each person review their giving. He announced a work day for early in February and again in April to clean the basement and do some repairs there.
